

# \$AVE MY RENO

## SEASON 1 ~ KEN & ELISA

When Ken and Elisa purchased their family home, they knew it needed work. They did their research, found a contractor and began to renovate. Months later, the reno is incomplete and the contractor left them with both an unfinished basement and a hole in their wallet. This couple has a large extended family and wants the basement to be a great hang out for both kids and adults. They're nervous to trust a contractor again, and with quotes coming in higher than they can afford, they need a trusted team. Sebastian and Sabrina completely transform this empty shell and save Ken and Elisa's reno through smart spends and reimagined materials.
