

# \$AVE MY RENO

## SEASON 1 ~ SARAH & JON

Sarah and Jon bought their first home and knew it needed some fixing up, but didn't realize how much time and money it would take to get it family friendly. Jon took on the basement reno first and quickly realized the kitchen is beyond his skills. There's a lot to deal with, including an odd layout, peel and stick flooring and very shallow counters. Jon's on paternity leave and needs the job done before he returns to work, but quotes are coming in high. With some unique finds and reimagining standard cabinets Sebastian and Sabrina will get it done and save their reno.
